The new activity supports access to new and existing public health related products using new and innovative approaches to reach new beneficiaries using a private sector social marketing model. The new activity will be implemented under USAID/Bangladesh's Health Service Delivery Project (HSDP) in line with the Mission's Country Development Cooperation Strategy (CDCS) and the U.S. Government's Global Health Initiative (GHI).		\$10,000,001-\$25,000,000	Q2, FY12	Cooperative Agreement
Bangladesh	Nafeesa Hussain	Bangladesh	The Senior Global Climate Change Advisor for USAID/Bangladesh Environment Team serves as a manager for the Mission's growing climate change related activities. This position is located at the Office of Economic Growth (EG), USAID/Bangladesh. S/he has project development, implementation, and monitoring responsibilities for USAID/Bangladesh's global climate change (GCC) and natural resource conservation activities. Global Climate Change related activities are a USG priority. The incumbent is a principal designer and manager of GCC, natural resources, livelihood and enterprise development activities related to environmental conservation and clean energy that are supportive of the Mission's overall strategy objectives in the area of pro-poor, equitable economic growth, sustainable natural resource management, and low emissions. This involves oversight of implementing agencies, including the Government of Bangladesh (GOB) line ministries and technical agencies, contractor or grantee; coordination with other development partners, and the private sector institutions involved with global climate change and environmental conservation. Since Global Climate Change (GCC) is a national issue and as a senior key member of the Environment team, s/he deals with problems that are rapidly evolving and have impact on Environment team as well as overall Economic Growth Office. The incumbent works with the environment and clean energy team members, to ensure the development and successful implementation of bilateral activities in the natural resources conservation and livelihood programs. S/he also works closely with other members and team leaders of the Mission's EG Office as well as other offices. The incumbent's primary contacts would be the highest level of officials, senior management officials etc. In addition, the incumbent works with USAID/Washington (Asia Bureau and Economic Growth, Agriculture and Trade Bureau) technical and program offices. The Climate Change Programs Advisor develops and maintains professional contacts with representatives in both the public and private sectors, including Government of Bangladesh (GoB) officials, trade and business leaders, consultants, NGOs, and donor agencies in Bangladesh.	Senior Gobar Climate Change Advisor (GCC)	\$150,000-\$500,000	3/31/2011	Personal Services Contract (PSC)
Bangladesh	Nazim, Shafique	Bangladesh	This project will (1) invest in the strengthening of food value chains in which large numbers of smallholders participate; (2) invest in the strengthening of non-food value chains with the potential for rapid growth and improved incomes for stakeholders; and (3) link increased, market-oriented production of diversified crops to household consumption and improved nutritional status.		\$25,000,001-\$75,000,000	Q2, FY12	Contract
Bangladesh	Munir Sirajam/Burnette-Badinga, Leslie-Ann	Bangladesh	The project will revitalize terrestrial and aquatic ecosystems and create alternative income and enterprise opportunities for the poor to enhance resilience to climate change and related disasters.		\$25,000,001-\$75,000,000	Q2, FY12	Cooperative Agreement
Bangladesh	Munir Sirajam/Burnette-Badinga, Leslie-Ann	Bangladesh	The project will revitalize terrestrial and aquatic ecosystems and create alternative income and enterprise opportunities for the poor to enhance resilience to climate change and related disasters.		\$25,000,001-\$75,000,000	Q2, FY12	Cooperative Agreement
Bangladesh	Ali Kaiser/Burnette-Badinga, Leslie-Ann	Bangladesh	The purpose of the contract is to support the delivery of an essential service package (ESP) through a network of non-governmental organization (NGO) clinics that primarily targets the poor and underserved. This activity will build on previous experiences and current successes in NGO service delivery and will incorporate new approaches to promote optimal health behaviors and community participation, and to enhance local ownership of service delivery through institutional strengthening. This activity will embrace new US government initiatives and reforms, including the Global Health Initiative (GHI) and the USAID Forward procurement reforms, and will complement and support the Government of Bangladesh (GOB) health sector program.		\$25,000,001-\$75,000,000	Q2, FY12	Contract

Bangladesh	Nazim, Shafique	Bangladesh	The purpose of the contract is to support the delivery of an essential service package (ESP) through a network of non-governmental organization (NGO) clinics that primarily targets the poor and underserved. This activity will build on previous experiences and current successes in NGO service delivery and will incorporate new approaches to promote optimal health behaviors and community participation, and to enhance local ownership of service delivery through institutional strengthening. This activity will embrace new US government initiatives and reforms, including the Global Health Initiative (GHI) and the USAID Forward procurement reforms, and will complement and support the Government of Bangladesh (GOB) health sector program.		\$25,000,001-\$75,000,000	Q1, FY12	Contract
Bangladesh	West, Kerry	Bangladesh	The principal purpose of this award is for a non U.S. Government entity to build a relationship of trust and cooperation with justice sector actors in Bangladesh, to reach out to judges and lawyers and rural communities and to engage with national Legal Aid Service Organization to improve access to legal aid funds.		\$4,000,001-\$10,000,000	Q2, FY12	Cooperative Agreement
Bangladesh	Nafeesa Hussain	Bangladesh	The Senior Livelihoods/Agriculture Advisor will lead and oversee the mission's food security and agricultural productivity portfolio. The incumbent will be a member of the Mission's Office of Economic Growth which also manages USAID's largest food security program world-wide. This is a challenging and exciting position located in one of USAID's largest and growing development programs in South Asia.	Senior Livelihoods/Ag Advisor	\$500,001-\$1,000,000	Q2, FY12	Personal Services Contract (PSC)
Bangladesh	Nafeesa Hussain	Bangladesh	The Mission's Senior Democracy Advisor is a key member of the Mission's staff. S/he provides programming and management assistance and expert technical advice to the Office of Democracy and Governance (DG). S/he will report to the Office Deputy Director. The Advisor will work with other team members to ensure timely and effective program planning, oversight and reporting. S/he will provide intellectual leadership, policy guidance and programming advice in the area of political governance. S/he will work closely with core DG staff to ensure strategic coordination and collaborative programming. S/he will ensure coordination with other Mission technical and support offices on all aspects of management, reporting and project implementation. S/he will mentor colleagues and supervise unit staff. S/he will also contribute to representing the Mission with other development partners, local counterparts and stakeholders, and program participants.	Senior Democracy Advisor	\$500,001-\$1,000,000	Q2, FY12	Personal Services Contract (PSC)
Bangladesh	Nafeesa Hussain	Bangladesh	The DLI Coordinator manages the administrative, training, mentoring, and counseling support program for the junior officers assigned to USAID/Bangladesh. The incumbent will coordinate the DLI Program for all USAID offices in the Mission. S/he will serve as the primary resource on the DLI Program and carry out all key coordination functions related to the DLI Program and its participants (DLI junior officers, supervisors of DLI junior officers, Senior Mission Management, and rotation supervisors of DLI junior officers. The DLI coordinator will liaise with USAID/W/M DLI Coordinator Office and other relevant USAID/Washington entities to promote USAID/Bangladesh as a center of excellence for training and mentoring of junior officers. Although mid-level DLIs don't have established rotation and other requirements, the DLI Coordinator will also counsel such DLIs on training and other career development issues.	DLI Coordinator	\$500,001-\$1,000,000	Q2, FY12	Personal Services Contract (PSC)

Benin

Benin	Anne Busaka	Benin	To combat gender-based violence (GBV) through awareness raising and assist GBV victims		\$1,000,001-\$4,000,000	3rd Quarter	Grant

Benin	Anne Busaka	Benin	The purpose of USAID's Accelerating Reduction of Malaria-related Morbidity and Mortality in Benin (ARM3) Project is to increase coverage and use of key life-saving malaria interventions in support of the Benin National Malaria Strategy. This will be through 1: Implementation of malaria prevention interventions in support of the National Malaria Strategy , 2: Malaria diagnosis and treatment interventions in support of the National Malaria Strategy and 3: Stengthening of the national health system's capacity to deliver and manage quality malaria treatment and control interventions.	Medical Care Development International (MCDI)	\$25,000,001-\$75,000,000	TBD	Cooperative Agreement

Bolivia

Bolivia	Zenteno Jose	BOLIVIA	The award will support local governments by strengthening their management capabilities, enhancing their capacity to bring critical public resources and decision-making closer to its citizens, as well as by promoting local development through enhancing accountability and transparency. Building on the accomplishments and lessons learned from prior experience, the goal will be achieved through the following five objectives: 1) Better deliver of public services, 2) increase resource generation and public investment, 3) improve capacities on resource management and financial reporting, 4) enhance accountability and transparency, and 5) improve citizens' involvement in decision-making.		\$500,001-\$1,000,000	Q3, FY12	Other/TBD
---------	--------------	---------	---	--	-----------------------	----------	-----------

Bosnia/Herzegovina

Bosnia/Herzegovina	Hollosy, Viktoria	Bosnia and Herzegovina	Although in design stage with this activity USAID/BiH at the local level, will help improve municipal level governance structures and increase their transparency, accountability and effectiveness. Local governance support will also encourage greater cross-Entity cooperation between municipalities and greater coordination between the RS and Federation Municipal Associations. All activities under this project will contribute to the main objective to improve government's ability to develop and implement policy while increasing opportunities for public participation in these processes.		\$ 1,000,000- \$ 4,000,000	Q3, FY12	Contract
Bosnia/Herzegovina	Hollosy, Viktoria	Bosnia and Herzegovina	USAID will use \$1,500,000 in FY 2012 AEECA funds to start a new Youth Program. The activity will increase youth's economic opportunities and civic participation. The program will include skills building, training for employment; business startup opportunities and reconciliation and tolerance-building activities. It will increase youth leadership skills; increase communication between youth from different ethnic groups and entities; and increase youth self-confidence through business initiatives. The activity will also encourage youth to be more economically and politically active in BiH society to become prosperous and economically viable citizens of the country.		\$ 1,000,000- \$ 4,000,000	Q3, FY12	Cooperative Agreement
Bosnia/Herzegovina	Hollosy, Viktoria	Bosnia and Herzegovina	The purpose of this program, is to promote reforms in the governance of BiH that will lead to greater investment, growth and jobs, and thereby complement direct support to the private sector that is already underway by reducing the costs and risks of doing business that are imposed through inappropriate regulation. This will be achieved by engaging responsive instruments of government, primarily at the municipal level, to govern more effectively on behalf of their citizens by reducing barriers to growth within their mandate and by advocating for reforms at other levels of government. At the same time, the activity will directly engage the private sector to better articulate, monitor and promote the reforms they need to increase their viability.		\$ 10,000,001- 25,000,000	Q3, FY12	Contract

CAR	Okkert, Olga	Kazakhstan, Uzbekistan, Tajikistan, Turkmenistan	To facilitate processes within Kazakhstan and across Central Asia to improve the resiliency of food security efforts.		\$500,001-\$1,000,000	Q3, FY12	Cooperative Agreement

Colombia

Colombia	Nubia Farfan	Colombia	CMM funding for Demobilization and Reintegration		\$1,000,001-\$4,000,000	4th Qtr. FY12	Other/TBD
Colombia	Omar Trigo	Colombia	The objective of this program is to develop financial instruments to leverage capital from Colombia's financial community for local government development investments, in targeted regions, with special focus on CSDI and ACIP municipalities. This will be implemented in accordance with the USAID GDA program requirements, with a one to one match from the alliance partner.	Evenson Dodge International	\$1,000,001-\$4,000,000	1st Qtr. FY11	Grant
Colombia	Omar Trigo	Colombia	The objective of this activity is to increase access to renewable energy sources and energy efficient practices in Colombia through a combination of project development support, technical assistance, and enabling environment reforms. The overall goals of USAID's environment program are the strengthening environmental governance for the conservation of protected areas and ethnic territories along with preserving, restoring, and/or improving ecosystem services. The CCEP is USAID/Colombia's flagship clean energy activity. Pilot projects utilizing expensive or unproven technology will not be considered for financing by CCEP. All pilot projects will include operation and maintenance cost estimates that inform sustainability plans.		\$10,000,001-\$25,000,000	3rd Qtr. FY11	Contract
Colombia	Paula Cubillos	Colombia	The program represents the continuation of two previous five-year programs [Human Rights Programs (HRP) I and II], and is expected to consolidate prior gains, strengthen institutions, and expand geographic/territorial reach to more effectively confront the human rights concerns of vulnerable populations. The program's main objectives will be to support a culture of human rights, prevent abuse and violations of human rights, and provide meaningful and efficient responses to human rights violations once they have occurred. This third phase of human rights program assistance is intended to increase capacity and institutionalization of Colombian actors and entities, while diminishing the role and responsibility of USAID programming over the life of the program; the ultimate goal is to conclude or substantially reduce this area of assistance by the end of this phase.	Democracy and Human Rights Office (DHR)	\$10,000,001-\$25,000,000	4th Qtr. FY11	Contract
Colombia	Omar Trigo	Colombia	The objective of this contract is to establish a grant management mechanism for the entire Mission which will enhance the Mission's capacity to meet the goals of the implementation and procurement reform articulated under USAID Forward.	Democracy and Human Rights Office (DHR)	\$10,000,001-\$25,000,000	TBD	Contract

Colombia	Omar Trigo	Colombia	The project, called the Strengthening Access to Justice Project (SAJP), represents the continuation of USAID/Colombia rule of law programming dating back to 1986 and is expected to consolidate prior gains, strengthen institutions, and heighten the focus on civil society and vulnerable populations. The program's main objectives will be to promote greater access to justice through the services provided by Justice Houses; provide support to institutions and organizations at the municipal level to assist in helping to meet the unmet justice needs of women; and support justice sector institutions to implement reforms that improve productivity and the quality of services delivered, especially where reforms have an impact on justice sector performance in consolidation zones. This project is intended to increase capacity and institutionalization of Colombian actors and entities, while diminishing the role and responsibility of USAID programming over the life of the program; the ultimate goal is to conclude or substantially reduce this area of assistance by the end of this phase.	Democracy and Human Rights Office (DHR)	\$10,000,001-\$25,000,000	TBD	Contract
Colombia	Nubia Farfan	Colombia	External Evaluation of Land mines program.		\$100,001 - \$150,000	TBD	Other/TBD
Colombia	Nubia Farfan	Colombia	To improve the quality of life for Families with Disabilities (FWD) involved in the Strategy for Overcoming Poverty of Red Unidos in the area of Montes de Maria.	Fundación Saldarriaga Concha	\$150,000-\$500,000	2nd Qtr. FY12	Grant
Colombia	Paula Cubillos	Colombia	To create an entrepreneurial unit that offers activities such as coaching, offer of seed capital and entrepreneurial consultancy to the entrepreneurs in Antioquia who are established in the region with the aim of creating productive units or expanding them; that impacts in a positive manner the economic development of the region and generates employment focused on the vulnerable populations of Antioquia and Sur de Córdoba.	Fundacion Bavaria	\$150,000-\$500,000	1st Qtr. FY11	Grant
Colombia	Miguel Atuesta	Colombia	Regional development pilot program to bring stability to areas of Colombia that are currently struggling due to their remote location and disconnect from local government entities. This project provides these communities a tangible incentive to be more connected to their local government by providing of educational resources for their children. It also provides a sustainable way for these communities to be connected and monitored by local authorities through improved cell phone, internet, food, and economic stability.	Fundesmag	\$150,000-\$500,000	1st Qtr. FY11	Grant
Colombia	Omar Trigo	Colombia	Possible Corporacion Excelencia en la Justicia project is divided into two items: 1) Following up the rules reform to the system of justice, and 2) Following up the implementation of the Administrative Litigation Code. The first item intends to follow up reforms on areas such as the constitutional and statutory norms, the penal law, the civil procedural law (as well as labour and family law procedure), the alternative dispute resolutions mechanisms and the justice of peace. The second item intends to follow up two crucial components of the recently approved new Administrative Litigation Code: the evacuation plan of matters currently in the (written) system, which should have started at the beginning of 2010, and the implementation of the new system itself, which will start on June 2012.	Corporacion Excelencia en la Justicia (CEJ)	\$150,000-\$500,000	1st Qtr. FY11	Grant
Colombia	Nubia Farfan	Colombia	Progroam supporting the Civil part of victims institutional strenghtening		\$4,000,001-\$10,000,000	TBD	Cooperative Agreement
Colombia	Omar Trigo	Colombia	The objective of this program is to implement a program to promote the efficient and transparent use of royalties for social infrastructure in municipalities located in USAID priority CSDI and ACIP regions.	Management Systems International, Inc.	\$4,000,001-\$10,000,000	1st Qtr. FY11	Cooperative Agreement
Colombia	Omar Trigo	Colombia	This project contemplates support to the Senior Presidential Advisor for Good Governance and Administrative Efficiency. Technical assistance will focus on organizing and international committee of good governance experts to advise the GOC on good governance issues, promoting civil service reform, and providing support on communicating good governance messages.	Partners for Democratic Change	\$4,000,001-\$10,000,000	1st Qtr. FY11	Grant
Colombia	Miguel Atuesta	Colombia	The goal of this project is to build regional capacity to support the sustained integration of adaptation and climate change into water management within Corporaciones, focusing on the Rio La Vieja watershed, and to extend the benefits of that learning to all Corporaciones in Colombia.	Stockholm Environmental Institute	\$500,001-\$1,000,000	TBD	Cooperative Agreement
Colombia	Miguel Atuesta	Colombia	BPA with all the RIG approved local CPA firms that would permit the Mission to do task orders to conduct different types of audits and assessments and to provide training and capacity building as needed for our new local partners.		\$500,001-\$1,000,000	3rd Qtr. FY2012	Blanket Purchase Agreement
Colombia	Clark Pearson	Colombia	The purpose of this contract is to advance U.S. Government (USG) and Government of Colombia (GOC) goals and results related to the implementation of the Colombia Strategic Development Initiative (CSDI) and GOC's National Consolidation Plan (PNC).	Chemonics International Inc.	\$75,000,001 and up	TBD	Contract

Cyprus

Cyprus	Cserhati, Agnes	Cyprus	Through this GDA with a local foundation, Sharing History, Art, Research and Education will encourage Cypriots to embrace multiculturalism and engage in reconciliation.	Costas and Rita Severis Foundation	\$1,000,001-\$4,000,000	TBD	Cooperative Agreement
--------	-----------------	--------	--	------------------------------------	-------------------------	-----	-----------------------

Djibouti

Djibouti	Michael Makosala/Daniel Harter	Djibouti	USAID/Djibouti has initiated the procurement process for a new agreement for the Support to Political Processes (SPP) Program. USAID/Djibouti is seeking assistance to provide support for the 2013 Parliamentary elections through the following objectives: 1)Increase the skills, knowledge, efficiency, and transparency of those that oversee the election process; 2)Enhance civic education to ensure that the citizenry is more informed and active in elections; 3)Increase the organizational capacity of political parties to participate effectively in the election process.	TBD	\$1,000,001-\$4,000,000	Q3, FY12	Cooperative Agreement
Djibouti	Michael Makosala/Daniel Harter	Djibouti	USAID/Djibouti will collaborate with its partners to extend services to high-risk mobile and community populations representing a large portion of the region's new HIV infections and which are underserved in other health and social areas. In addition to supporting critical care, the program will collaborate with other donors, community groups, host government, and businesses to develop and disseminate state of the art practices in HIV/AIDS prevention and care programming, gender norms, and violence against women and girls, strategic communication, and unemployment in marginalized communities.	FHI Dept 360	\$4,000,001-\$10,000,000	TBD	Associate Award

Dom. Republic

Dom. Republic	Ayana Angulo	Dominican Republic	To monitor and evaluate Caribbean Basin Security Initiative (CBSI) activities between the date of award and the end of the current CBSI interventions (anticipated for FY 2016).		\$4,000,001-\$10,000,000	TBD	Indefinite Quantity Contracts (IQC)
Dom. Republic	Ana Diaz	Jamaica	One year extension of EXO DLI Coordinator PSC	David A. Korponai	\$150,000-\$500,000	TBD	USPSC - Personal Services Contract
Dom. Republic	Ana Diaz	Guyana	Health and Nutrition Officer PSC		TBD	TBD	USPSC - Personal Services Contract

Democratic Republic of the Congo

DRC	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 2.66 million hectares of the Monte Alen - Monte de Cristal Forest Landscape in Gabon and Equatorial Guinea through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.		\$1,000,001-\$4,000,000	Q3, FY12	Cooperative Agreement
DRC	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 4.05 million hectares of the Gamba-Conkouati Forest Landscape in Gabon and Republic of Congo through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.		\$1,000,001-\$4,000,000	Q3, FY12	Cooperative Agreement

DRC	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 3.48 million hectares of the Lope Forest Landscape in Gabon through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.		\$1,000,001-\$4,000,000	Q3, FY12	Cooperative Agreement
DRC	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 3.52 million hectares of the Leconi Landscape in Gabon and Republic of Congo through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.		\$1,000,001-\$4,000,000	Q3, FY12	Cooperative Agreement
DRC	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 863,000 hectares of the Virunga Landscape in the Democratic Republic of Congo and Rwanda through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.		\$1,000,001-\$4,000,000	Q3, FY12	Cooperative Agreement
DRC	Mwadime, Mary Chao	DRC	This would be exercising a third-option year on the Mission-wide monitoring and evaluation contract that provides M&E services to the USAID/DRC mission	DTS	\$1,000,001-\$4,000,000	TBD	Contract
DRC	Mary Mwadime	Central Africa - CARPE	This is to recruit a USPSC Director to replace the current Director of the CARPE Program who has been employed under a PASA with USDA.	John Flynn	\$150,000-\$500,000	Q1, FY12	Personal Services Contract (PSC)
DRC	Sparacino, JoAnn	DRC	The purpose of USAID/DRC President's Malaria Initiative (PMI) Expansion Project is to increase coverage and use of key life-saving malaria interventions in support of the DRC's National Malaria Control Program (NMCP). This project will complement the existing USAID/DRC Integrated Health Project (IHP) and other donor-supported malaria programs.		\$25,000,001-\$75,000,000	Q2, FY12	Cooperative Agreement
DRC	Mary Mwadime	Central Africa - CARPE	This award will provide technical assistance and training to support CARPE's IR-3 (Policy and regulatory environments supporting sustainable forest management and biodiversity conservation established) and IR-4 (Capacity to monitor forest resources, greenhouse gas emission and biodiversity strengthened). Through a network of local and regional partners (governments, civil society organizations and private businesses), this activity will use the remote sensing satellite imagery and GIS to monitor logging concession management and make this information available to the general public via publications and public-access websites, a timely information tool to decision makers for appropriate policy response. One of the important tools is the interactive forest atlas. Forest concession atlas mapping will be extended to mining concessions, a recent growing and emerging threat to forest resource degradation in Central Africa.		\$4,000,001-\$10,000,000	Q3, FY12	Cooperative Agreement

DRC	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 14.11 million hectares of the Tri-DOM Forest Landscape in Gabon, Republic of Congo and Cameroon through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.		\$4,000,001-\$10,000,000	Q3, FY12	Cooperative Agreement
DRC	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 4.46 million hectares of the Tri National Forest Landscape in Gabon, Central African Republic and Republic of Congo through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.		\$4,000,001-\$10,000,000	Q3, FY12	Cooperative Agreement
DRC	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 10.18 million hectares of the Salonga Landscape in the Democratic Republic of Congo through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.		\$4,000,001-\$10,000,000	Q3, FY12	Cooperative Agreement
DRC	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 12.62 million hectares of the Lac Tumba - Lac Tele Landscape in Republic of Congo and Democratic Republic of Congo through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.		\$4,000,001-\$10,000,000	Q3, FY12	Cooperative Agreement

DRC	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 7.30 million hectares of the Maringa Lopori Wamba Landscape in the Democratic Republic of Congo through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions		\$4,000,001-\$10,000,000	Q3, FY12	Cooperative Agreement
DRC	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 6.82 million hectares of the Maiko Tayna - Kahuzi Biega Landscape in the Democratic Republic of Congo through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.		\$4,000,001-\$10,000,000	Q3, FY12	Cooperative Agreement
DRC	Mary Mwadime	Central Africa - CARPE	This program aims to maintain the ecological integrity of the ecosystem of the 3.13 million hectares of the Ituri Epulu Aru Landscape in the Democratic Republic of Congo through sustainable landscape management and biodiversity conservation, using the landscape management approach that engages all of the key stakeholders in the spatial planning processes leading to the consensual management of the landscape according to three general categories of "macro-zones" -- protected areas, extractive resource zones, and community-based natural resource management zones. These macro-zones are then managed to minimize deforestation, forest degradation and biodiversity loss consistent with local needs and national/regional priorities. The planning guides developed by the US Forest Service for each category of macro-zones are the major tools for managing these vast areas of tropical forest. The successful implementation of this program lead to the sustainable management of the landscape, the mitigation of threats to biodiversity and stabilization of land-based greenhouse gas emissions.		\$4,000,001-\$10,000,000	Q3, FY12	Cooperative Agreement
DRC	Mary Mwadime	Central Africa - CARPE	This PIO grant is to support CARPE's IR-3 (Policy and regulatory environments supporting sustainable forest management and biodiversity conservation established). The implementing partner will identify the policy and regulation issues at the regional and national levels, prioritize them and then take appropriate action to address these issues. This grant will include a program of small grants that will be used to strengthen the capacity of local civil society organizations to advocate for policy and regulation reforms.	IUCN	\$4,000,001-\$10,000,000	Q3, FY12	Grant
DRC	Sparacino, JoAnn	DRC	This project will implement Health Policy activities in DRC and carry on the work done by HS 20/20.		\$4,000,001-\$10,000,000	Q2, FY12	Leader with Associate Award (LWA)

East Africa

East Africa	Michael Makosala	EA Regional	Through a Task Order under the Washington-based Africa Infrastructure Program (AIP) USAID/East Africa will support several countries in East Africa (Burundi, Ethiopia, Kenya, Rwanda, Tanzania and Uganda) to improved the policy, regulatory and institutional framework for increased power investment in the region. Support for increased renewable energy generation capacity through a combination of policy, regulatory, legal, tariff reforms and direct assistance is critical in addressing key identified barriers to private sector investment in the energy sector in the region.	Nexant, Inc	\$1,000,001-\$4,000,000	TBD	Indefinite Quantity Contracts (IQC)
-------------	------------------	-------------	---	-------------	-------------------------	-----	-------------------------------------

East Africa	Michael Makosala	EA Regional	Funds will support a development grant mechanism that leverages other bilateral, multilateral and private resources in working with medium-sized enterprises to promote renewable energy and energy efficiency, finance enhancement and facilitation for end-use energy efficiency and/or renewable energy technologies in the region. Private sector enterprises are critical in mobilizing additional resources and skills necessary to increase access to clean energy services, especially for the underserved rural populations.		\$1,000,001-\$4,000,000	TBD	Grant
East Africa	Michael Makosala	EA Regional	AIIM-Assist will assist in the management and tracking of the AIIM APS, provide support to build the capacity of AIIM grantees, and provide technical support to bilateral USAID missions and African regional partners.		\$1,000,001-\$4,000,000	Q2, FY12	Indefinite Quantity Contracts (IQC)
East Africa	Ali Ali	EA Regional	The new agreement will build and strengthen community/local-level cross-border conflict management mechanisms incorporating local civil society and local government in select IGAD member states. These mechanisms will be linked to the regional conflict early warning and response mechanism. In addition, the implementer will mentor East African NGOs in each country of implementation to be able to support community-level conflict management in the future. Further, the implementer will provide technical support to the regional conflict early warning and response mechanism.		\$10,000,001-\$25,000,000	TBD	Cooperative Agreement
East Africa	Ali Ali	EA Regional	The project targets significant populations of highly vulnerable refugees, displaced persons, and returnees in Burundi and the Democratic Republic of Congo with FP counseling and services. The main goal of the project is to identify and test flexible models of delivering FP services in different phases of crisis - pre-planning, emergency and post recovery situations. These include setting up mobile outreach services and 24-hour drop-in centers which provide integrated FP/RH services, including sexual and gender based violence services and promotion of the Healthy Images of Manhood strategy. In addition, the project initiated community based distribution of injectables in the DRC. The evaluation aims to determine to what extent the project has achieved its overall goal and objectives.		\$150,000-\$500,000	TBD	Contract
East Africa	Ali Ali	EA Regional	Provide USAID East Regional Mission, bilateral USAID Missions in Africa, and African non-presence countries with country backstopping, coordination and programmatic support to assist in successful implementation of the USAID's EPT Program in the Congo Basin Region of Africa.		\$150,000-\$500,000	TBD	Personal Services Contract (PSC)
East Africa	Ali Ali	EA Regional	The purpose of this evaluation is to assess the process and outcomes of the ROADS I and II projects in strengthening the response to HIV/AIDS in vulnerable mobile and transient populations along transport corridors in East, Central and Southern Africa. In addition, the evaluation will assess the additional value in integrating Family Planning/Reproductive Health (FP/RH), Maternal and Child Health (MCH) and nutrition interventions into the ROADS I & II projects. Conclusions, lessons learned and recommendations will provide information that will allow USAID/East Africa to (i) make decisions about a follow-on project and; (ii) determine what aspects of the project can be scaled-up by USAID/EA and bi-lateral programs in the region.		\$150,000-\$500,000	TBD	Contract
East Africa	Ali Ali	623	This award will conduct an impact evaluation (pending feasibility of conducting an impact evaluation) of the planned program to strengthen cross-border conflict management in the Horn of Africa (PEACE III)		\$150,000-\$500,000	TBD	Other/TBD
East Africa	Michael Makosala	EA Regional	The overall goal of PREPARED is to strengthen the climate resilience of economic development in East Africa through improved science based technical capacity and policy leadership. PREPARED will enhance East Africa's response to climate change through building solid science and data management capacity; enabling strong working partnerships between stakeholders and decision-makers; creating and strengthening policy leadership and knowledge frameworks to support and integrate adaptive strategies with an emphasis on three top regional priority climate-sensitive sectors: food security, freshwater resources, and biodiversity conservation.		\$25,000,001-\$75,000,000	TBD	Contract
East Africa	Ali Ali	EA Regional	This award will provide capacity building, technical, and other support to civil society, and potentially small private sector actors, to actively and effectively participate in the Central Africa minerals certification system and related activities with the goals of improving human rights associated with mineral extraction and deterring illicit mining.		\$4,000,001-\$10,000,000	TBD	Grant
East Africa	Michael Makosala	EA Regional	The African Institutions Innovation Mechanism (AIIM), which is a call for proposals under an Annual Program Statement (APS), is a key component of USAID Forward and the approved USAID/East Africa Feed the Future (FTF) multi-year strategy (FY2011-2015). AIIM will provide grants and cooperative agreements to indigenous African institutions, in support of USAID Forward reforms.		\$4,000,001-\$10,000,000	Q2, FY12	Grant

East Africa	Michael Makosala	EA Regional	This award will be designed jointly with BFS and AFR/SD in Washington, the other regional missions, and the Feed the Future focus missions, building on the lessons of the Africa Lead project.		\$4,000,001-\$10,000,000	Q2, FY13	Contract
East Africa	Ali Ali	EA Regional	This project plans to engage an international organization to initially build the capacity of a regional African organization and eventually transition to them the leadership and management of family planning/ reproductive health programming in the region. The program will focus on integration, innovation and ICT as key elements for strengthening FP/RH service delivery, including addressing sexual and gender based violence in the region.		\$4,000,001-\$10,000,000	TBD	Other/TBD
East Africa	Michael Makosala	EA Regional	USAID/East Africa's new East Africa Trade Expansion/Hub project is currently under design with implementation to begin in 2013. The new project will build on the successes of the USAID/EA Competitiveness and Trade Expansion (COMPETE) project focused on 1) increase integration and reduce barriers to regional and international trade; 2) increase competitiveness and trade in select regional value chains; and 3) increase US/ECA trade and ECA capacity to engage in trade negotiations and better take advantage of AGOA. The new project will serve as a key program component in achieving the Mission's Feed the Future objectives of increasing the availability and trade of staple foods. As well, the project will serve as the East Africa Mission's programming for the African Competitiveness and Trade Expansion Initiative (ACTE) by providing trade-related technical assistance to export firms and promoting increased trade under AGOA between East and Sub-Saharan Africa and the United States.		\$75,000,001 and up	TBD	Contract

Ecuador

Ecuador	Juan Esteban Proano	Ecuador	New Biodiversity Program	TBD	\$1,000,001-\$4,000,000	Q4, 2012	Other/TBD
Ecuador	Luisa Alvarado	Ecuador	To assist Ecuador address its climate change needs under the pillar of Sustainable Landscapes, supporting REDD+ readiness with a focus on forests.	TBD	\$10,000,001-\$25,000,000	Q2, 2012	Other/TBD
Ecuador	Luisa Alvarado	Ecuador	To develop pilot projects on carbon markets, with Local Organizations, to link with the U.S. and GOE priorities.	TBD	\$500,001-\$1,000,000	Q4, 2012	Other/TBD
Ecuador	Mireya Matute	Ecuador	To examine the effectiveness and impact of past and ongoing USAID investments and programs in the Northern Border Region, in order to inform the evolution of the program and to improve its effectiveness and impact within the current country context and predicted budget parameters.	TBD	\$150,000-\$500,000	Q2, 2012	Small Business Purchase Order
Ecuador	Juan Esteban Proano	Ecuador	A local Organization/Consultant to provide support on Local Capacity Development (LCD) to other local organizations.	TBD	\$150,000-\$500,000	Q4, 2012	Other/TBD
Ecuador	Mireya Matute	Ecuador	Evaluation to Environment Programs	TBD	\$150,000-\$500,000	Q3, 2012	Small Business Purchase Order

Egypt

Egypt	Nevine Hindy	Egypt	HS 20/20 Evaluation	TBD	\$150,000-\$500,000	Q3, 2012	Other/TBD
Egypt	Nevine Hindy	Egypt	Behavior Changes Communication Program (Hep. B & Hep. C)	Private Civil Society organizations	\$150,000-\$500,000	Q3, 2012	Other/TBD

Georgia

Georgia	Eka Gamezardashvili	Georgia	New award supporting strengthening women's role in decision-making in Georgia		\$1,000,001-\$4,000,000	2nd Quarter FY 12	Cooperative Agreement
Georgia	Ashraf Soos	Georgia	The Waste Management Program has the goals of improved management of waste collection services at the community and municipal level, improved waste management at the household level (through economic incentives for reduction, recycling, and campaign efforts), and a sustainable and economically viable private sector development in waste management services.		\$1,000,001-\$4,000,000	3rd Quarter FY 12	Cooperative Agreement
Georgia	Ashraf Soos	Georgia	USAID/Caucasus is assisting the Georgian operating utility, Georgian State Electrosystem, Ltd. (GSE), to reestablish its 220 kV transmission system between the Menji and Tskaltubo substations. The transmission lines (Senaki 1 and 2) connecting these substations had been destroyed. The Senaki 1 and 2 transmission line were approximately 58.8 km (36.5 miles) in length. Of a total of 212 original structures only 3 are still in place. In addition, the bus terminals for the Senaki 1 and 2 transmission lines at the Menji and Tskaltubo substations are in disrepair and must be reconstructed.		\$10,000,001-\$25,000,000	2nd Quarter FY 12	Contract
Georgia	Ashraf Soos	Georgia	Municipal Energy Efficiency Project aims to assist 10 municipalities in Georgia in incorporating energy efficiency in their planning, implementing pilot projects as models for replication and promoting the benefits and investments in energy efficient technologies by the private sector and the general public.		\$4,000,001-\$10,000,000	3rd Quarter FY 12	Contract

Ghana

Ghana	Frederique Rakotoarivelo	Ghana	Training and Capacity Building of Public, Private and civil society organizations in Agriculture and Food Security. This activity will focus on improving the enabling environment for private sector investment in agriculture. This will be achieved primarily through policy facilitation and institutional capacity building.		\$1,000,001-\$4,000,000	Q3, FY12	Cooperative Agreement
Ghana	Margot Francis	Ghana	The USAID/Learning program is part of a comprehensive and integrated program designed to support literacy improvement activities implemented by the Ministry of Education and the Ghana Education Service. There are three major components: improving literacy, enhancing service delivery and accountability of the education system.		\$10,000,001-\$25,000,000	3rd Quarter FY 12	Cooperative Agreement

Ghana	Frederique Rakotoarivelo	Ghana	FinGAP is an effort to address one of the key constraints that restrict the development of commercial agriculture in Ghana – access to finance. FinGAP will achieve this by operating on both the supply and demand sides through two integrated components: (i) an Agribusiness Development Unit and (ii) Agri-Finance Unit. The Agribusiness Development Unit will support agricultural enterprises to develop their ideas and create well-managed, financially sustainable operations, thereby creating a pipeline of investment opportunities. The Agri-Finance Unit will provide capacity building support and incentives to financial institutions (FIs) to expand their capacity to undertake agriculture related investment.		\$10,000,001-\$25,000,000	Q4, FY12	Contract
Ghana	Frederique Rakotoarivelo	Ghana	USAID/Ghana will support the improvement of technology development and transfer systems through an Agricultural Technology Transfer (ATT) activity. ATT will improve agricultural research and extension systems by creating a private sector led agricultural technology transfer mechanism that links research, extension systems and producers to a market driven approach to variety development and dissemination. ATT's activities will also be closely aligned with other FIF programs that are also currently under design.		\$10,000,001-\$25,000,000	Q1, FY13	Cooperative Agreement
Ghana	Margot Francis	Ghana	Multimedial branding campaign which will develop and showcase Ghans's brand to potential investors, business partners, Diaspora, visitors, and the general public.	Epic Global Media	\$150,000-\$500,000	2nd Quarter FY 12	Grant
Ghana	Frederique Rakotoarivelo	Ghana	Technical Assistance for the achievement of the Resiliency in Northern Ghana (RING). RING is an integrated project and partnership effort under Feed the Future (FIF) designed to contribute to Government of Ghana (GoG) efforts to sustainably reduce poverty and improve the nutritional status of vulnerable populations. RING aims to increase the resiliency of the very poor in selected districts.		\$25,000,001-\$75,000,000	Q3, FY12	Contract
Ghana	Margot Francis	Ghana	Assess DEOs and NGOs in their ability to manage USAID funds, track disbursement of funds to DEOs and NGOs, audit and verify financial liquidation reports from DEOs and NGOs.		\$4,000,001-\$10,000,000	3rd Quarter FY 12	Contract
Ghana	Margot Francis	Ghana	Provide USAID, the Government of Ghana and its Development Partners with a systematic, coordinated and responsive monitoring and evaluation mechanism that improves information quality and availability about the sector and to support more evidence-based planning, monitoring, evaluation, and reporting.		\$4,000,001-\$10,000,000	3rd Quarter FY 12	Contract

Nepal

Nepal	Gurung, Ram	Nepal	This is an entrepreneurial-based literacy program for vulnerable groups in remote areas. This supports IPR because it is a direct award to a local organization.		\$1,000,001-\$4,000,000	4/10/2012	Contract
Nepal	Gurung, Ram	Nepal	This is for a local organization to conduct baseline, endline, and impact evaluations and data assessment for FTF. This supports IPR because it is a direct award to a local organization.		\$1,000,001-\$4,000,000	4/10/2012	Contract
Nepal	Gurung, Ram	Nepal	Complex Crisis Fund; Value: \$6M, LOP: 2012-2013; As part of USAID/NEPAL's CCF proposal, the mission anticipates providing up to \$1M to the GON through the Nepal Peace Trust Fund (NPTF). The Mission also anticipates the use of small direct grants to local organizations to support conflict mitigation efforts in communities receiving ex-combatants or otherwise impacted by Nepal's conflict.	Saferworld	\$1,000,001-\$4,000,000	1/24/2011 23:00:00	Cooperative Agreement
Nepal	Neupane, Pradeep	Nepal	USAID/Nepal signed a Joint Financing Arrangement (JFA) with the Ministry of Health and other donors in 2010. Plans are also underway for the signing of a Joint Technical Assistance Arrangement (JTAA) between the Ministry of Health, USAID and other donors that provide technical assistance through parallel channels. The JFA and JTAA represent important tools for strengthening relationships with bilateral and multi-lateral agencies, and international organizations for strategic coordination and integration, strengthening partnerships, encouraging country ownership, investing in country-led plans, and building sustainability through health systems strengthening. The H4L activity is focusing on capacity building of host country systems as well as aspects of implementation and procurement reform such as funding local entities directly and providing direct support to the GON budget. Specifically in relation to implementation and procurement, H4L will increase direct funding levels to the host government and channel more funds to local entities through contracts to local agencies for survey and logistic contracts.		\$1,000,001-\$4,000,000	2/24/2012 23:00:00	Contract

The JFA and JTAA represent important tools for strengthening relationships with bilateral and multi-lateral agencies, and international organizations for strategic coordination and integration, strengthening partnerships, encouraging country ownership, investing in country-led plans, and building sustainability through health systems strengthening. The H4L activity is focusing on capacity building of host country systems as well as aspects of implementation and procurement reform such as funding local entities directly and providing direct support to the GON budget. Specifically in relation to implementation and procurement, H4L will increase direct funding levels to the host government and channel more funds to local entities through contracts to local agencies for survey and logistic contracts.		\$1,000,001-\$4,000,000	5/25/2012	Contract
Nepal	Gurung, Ram	Nepal	USAID will provide to Nepali based organizations supporting citizen engagement and issue advocacy in Nepal's anticipated elections. As part of these grants USAID will also develop the internal capacity, especially financial management capacity of the selected organizations.		\$1,000,001-\$4,000,000	2/30/2012	Other/TBD

Nepal	Gurung, Ram	Nepal	This project will promote local stability through local capacity development of civil society, local government and community groups. The prime partner will work to build the capacity of four local organizations so that they are able to receive direct funding. The program will also build the capacity of District Development Committees to support direct funding to improve service delivery.		\$10,000,001-\$25,000,000	2/8/2011 23:00:00	Contract
Nepal	Gurung, Ram	Nepal	This constitutes the flagship Feed the Future activities including the integrated agriculture and nutrition interventions which aim to increase incomes and reduce malnutrition. This project includes an innovative transition or "flip" in which prime implementation responsibilities are handed over to local organization implementers using a phased approach.		\$10,000,001-\$25,000,000	2/9/2012 23:00:00	Contract
Nepal	Neupane, Pradeep	Nepal	USAID/Nepal, working closely with the Government of Nepal (GON) Ministry of Health and Population (MOHP), is proposing a five year \$33.3 million Health for Life (H4L) project that will significantly contribute to the priorities described in Nepal's Health Sector Programme II (NHSP II) under the umbrella of the U.S. Global Health Initiative (GHI). The H4L aims to strengthen the GON capacity to plan, manage and deliver quality and equitable family planning and maternal, newborn, and child health services.		\$10,000,001-\$25,000,000	2/24/2012 23:00:00	Contract
Nepal	Gurung, Ram	Nepal	This is an audit for the adult literacy, M&E, and other direct local FTF awards. This supports IPR because it is a direct award to a local organization.		\$150,000-\$500,000	4/10/2012	Contract
Nepal	Neupane, Pradeep	Nepal	USAID's Ghar Ghar Maa Swasthya, or Healthy Homes project, is building the capacity of a private sector company, Contraceptive Retail Sales (CRS), providing social marketing services in Nepal. Our support will eventually allow CRS to become an independent, sustainable company that expands the availability and accessibility of health products in select hard-to-reach rural areas of the country. The program will assist the GON to expand the depth, reach, and impact of the private sector in social marketing, and provide low-cost maternal and child health, family planning, and HIV prevention products and services. Ghar Ghar Maa Swasthya consists of two components. Under the first component, USAID funds CRS for social marketing activities, focusing on sustainability through commercial marketing in the urban areas and promoting subsidized products in the rural, hard-to-reach areas. Under the second component, Family Health International, assists CRS to develop and implement business plans and design effective behavior change communication activities, such as generic campaigns promoting family planning.		\$150,000-\$500,000	8/25/2012	Contract
Nepal	Rana, Srijana	Nepal	The Complex Crisis Fund will be used to provide Technical Assistance on the rehabilitation of ex-combatants and re-integration into their new communities. These funds will be used to support a long term advisor, short term TDY support and the monitoring and evaluation of all Complex Crisis Funds.		\$150,000-\$500,000	2/27/2012 23:00:00	Other/TBD
Nepal	Gurung, Ram	Nepal	This program is related to USAID Education Strategy Goal 1-Improved Reading Skills for 100 Million Children in Primary Grades by 2015, and aligned with the GON's School Sector Reform Plan (2009-2015). This program will help the GON to achieve MDG Goal 2: achieve universal primary education by improving reading instruction; reading delivery systems; and accountability, and transparency by community and the public. The mission will explore opportunities for direct funding to the GON or to local NGO's based on the results of an impending needs assessment that will inform program design and mechanism selection.		\$4,000,001-\$10,000,000	3/6/2013 23:00:00	Other/TBD
Nepal	Rana, Srijana	Nepal	USAID will provide direct support to the Ministry of Women, Children and Social Welfare Council in support of its effort to combat trafficking in Nepal.	The Asia Foundation	\$4,000,001-\$10,000,000		Other/TBD
Nepal	Gurung, Ram	Nepal	USAID will engage locally based organizations to promote awareness and understanding of Nepal's new federal structure and its implications for citizens and sub-national government units.		\$500,001-\$1,000,000	3/15/2012	Other/TBD

Philippines	Glisan, Dion	Pacific Islands	Disaster Management Project for Marshall Islands / Micronesia	International Organization for Migration	\$4,000,001 - \$10,000,000	Q1, FY13	Cooperative Agreement

RDMA

RDMA	Cullinane, Matthew	Asia Regional	To increase access to financing for clean energy projects and promote regional cooperation and knowledge sharing. New Award (TEC \$11.05M, 5 yrs) - Contract		\$10,000,001-\$25,000,000	Q2, FY12	Contract
------	--------------------	---------------	---	--	---------------------------	----------	----------

RDMA	Treechairamee, Showsiri	Asia Regional	New Award USPSC - Senior Regional Climate Change Advisor (Low Emission Development Strategies) to support the planning and implementation of Low Emission Development Strategies (LEDS) in Asia and coordinates the U.S. Government initiative for LEDS, Enhancing Capacity for Low Emission Development Strategies (EC-LEDS) in Asia. The Advisor will provide assistance and technical support to USAID Missions in Asia in formulating and implementing their LEDS-related activities; ensure all LEDS-related activities of USAID Missions and various U.S. Government agencies are integrated into a cohesive EC-LEDS program; coordinate EC-LEDS with all involved parties, including USAID, the Department of State, other U.S. Government agencies, host country government agencies, international and regional organizations, and development partners; and manage and coordinate RDMA's regional program for Low Emission Development Strategies		\$150,000-\$500,000	Q2, FY12	Personal Services Contract (PSC)
RDMA	Arenas, Maria Rosario	Asia Regional	The award is to provide support to Track II civil society organization in ASEAN countries on Human Rights issues		\$150,000-\$500,000	Q3, 2012	Grant
RDMA	Treechairamee, Showsiri	Asia Regional	The ASEAN Affairs Program Manager shall provide program oversight and liaises closely with USAID/RDMA's General Development Office (GDO) for the Mission's ASEAN portfolio. He/she also ensures coordination with other stakeholders. The incumbent will provide timely and accurate input, advice and technically supported direction to the Director of the GDO and senior Mission management including the Mission Director.		\$150,000-\$500,000	Q2, FY12	Personal Services Contract (PSC)
RDMA	Virasingh, Praveena	Asia Regional	The purpose of the Blanket Purchasing Agreement (BPA) for Auditing and Accounting Services is to establish a qualified, reliable pool of accounting firms that can be used to augment staff resources in RDMA's Office of Financial Management. There are 10 services described in this BPA and include activities that have become the central premise of USAID Forward's Implementation and Procurement Reform (IPR) – PFMRAF Stage 2 assessments, pre-award surveys, financial reviews, and the development of policy and procedures for capacity building efforts. As such, this BPA will serve to strengthen RDMA's ability to conduct business in the USAID Forward framework which has increasingly become a focus within the last year.		\$150,000-\$500,000	Q3, 2012	Blanket Purchase Agreement
RDMA	Virasingh, Praveena	Asia Regional	A 4 year Rule of Law program with a ceiling of \$10 million that will focus on access to justice and commercial law. The access to justice component will improve representation rates in administrative cases by expanding the number and geographic scope of legal clinics associated with law schools and NGOs, and improve representation rates in criminal cases through the development of public defenders offices or similar legal aid centers. The commercial law component will build upon existing relations with the Supreme People's Court to continue training for judges on intellectual property rights.		\$4,000,001-\$10,000,000	Q3,2012	Cooperative Agreement
RDMA	Arenas, Maria Rosario	Asia Regional	This award will be completed through an APS with the objective of providing awards to selected local NGOs to facilitate South-South learning and productive technologies to address food security.		\$500,001-\$1,000,000	Q2, FY12	Grant

Russia

Russia	Ponkratova, G.	Russia	The objective of this APS is to make significant strides in the overall goal of conflict mitigation, peace, and reconciliation in selected eligible conflict-affected countries. "People-to-people" programs are one approach among many to conflict mitigation. People-to-people projects generally address patterns of prejudice and demonizing that reinforce the perceived differences between groups and hinder the development of relationships among parties to a conflict. The aim is to create opportunities for a series of interactions between conflicting groups in the community to promote mutual understanding, trust, empathy, and resilient social ties.		\$150,000-\$500,000	1/18/2012	Cooperative Agreement
--------	----------------	--------	--	--	---------------------	-----------	-----------------------

Rwanda

Rwanda	Geraldine Kyazze	Rwanda	2-3, 3-year awards to (1) focus on community based nutrition interventions in order to reach infants and mothers vulnerable to malnutrition; and (2) improve the well-being of OVC and their families affected by HIV/AIDS in Rwanda.		\$1,000,001-\$4,000,000	Q2, FY12	Cooperative Agreement
Rwanda	Geraldine Kyazze	Rwanda	The objective is to make significant strides in the overall goal of conflict mitigation, peace, and reconciliation in selected eligible conflict-affected countries including Rwanda		\$1,000,001-\$4,000,000	Q2, FY12	Cooperative Agreement
Rwanda	Geraldine Kyazze	Rwanda	5-year project that proposes to strengthen institutional and human capacity in targeted civil society organizations that work closely with, or support the objectives of, USAID/Rwanda.		\$10,000,001-\$25,000,000	Q2, FY12	Contract

Senegal

Senegal	Ellis, Brian	Senegal	To provide leadership change management training to GOS anti-trafficking in persons committee members and members of local municipalities addressing TIP in their communities	TBD	\$150,000-\$500,000	May-12	Grant

Vietnam	Jenchiewchan, Karittha	Vietnam	RFP No. 486-12-014 Senior HIV/AIDS Prevention Technical Advisor, USAID/ Vietnam to provide technical leadership and program management on HIV/AIDS prevention program.		\$150,000-\$500,000	Q2, FY12	Personal Services Contract (PSC)
Vietnam	Virasingh, Praveena	Vietnam	The project will build REDD+ readiness for reducing emissions from forests, as well as enhanced capacity to manage the deltas in the face of climate change impacts.		\$25,000,001-\$75,000,000	Q3, FY12	Cooperative Agreement

West bank Gaza (WBG)

WBG	Andrea Plucknett	WBG	The project is mainly to provide grants to local NGOs and Hospitals to build their capacity to carry out their activities and maintain their role as one of the pillars of the Palestinian healthcare service delivery.		\$1,000,001-\$4,000,000	4/16/2012	Multiple Cooperative Agreements
WBG	Linda Maher	WBG	The objectives of this program are to support the Palestinian Authority (PA) public sector reform efforts by assisting the PA to strengthen the operational and management capability of key ministries and public sector institutions to govern more effectively; improve mechanisms of service provision; strengthen legal and policy formulation processes; enhance the performance of targeted PA institutions, and bolster accountability and oversight mechanisms.		\$10,000,001-\$25,000,000	3/30/2012	Contract
WBG	Fadi Khoury	WBG	The program is a 5-year initiative which aims at expanding educational and leadership opportunities for youth aged 14-29 throughout the West Bank, by creating sustainable hubs for youth innovation and learning. The program will build on existing efforts made in the YDRCs by developing 8 new YDRCs in the 8 remaining governorates. The expected program outcomes include enhancing leadership and life skills for youth, establishing new YDRCs for youth to learn and apply new skills, access information, network and engage in community development, enhance the capacity of the YDRC board members and staff to effectively run youth programs at their facilities.		\$10,000,001-\$25,000,000	4/15/2012	Cooperative Agreement
WBG	Bassam Kort	WBG	The School Assistance Program aims at improving the quality of education in the most marginalized areas of the West Bank and Jerusalem. The program will improve schools learning environments through renovating educational rooms, upgrading sports and multi-purpose facilities, and equipping laboratories. Also, teachers and school principals will be provided with training on student-centered approaches, best practices in teaching and learning and community engagement in the educational processes. Supplemental extracurricular activities will be introduced including career counseling, debate forums, and sports tournaments. Partnerships will be forged with civil society organizations, private sector, and local authorities to leverage additional resources to support long-term school improvement plans.		\$10,000,001-\$25,000,000	5/15/2012	Cooperative Agreement

WBG	Nevine Zakariya	WBG	The purpose of this contract is to implement the Trade Project, a project that aims to expand private sector growth in the West Bank and Gaza through increased trade and investment. The project will ease constraints to trade and investment through data collection, analysis, and facilitating dialog and development of feasible solutions to trade and investment constraints. The project will also build the capacity of the Palestinian private and public sector to overcome trade and investment constraints.		\$10,000,001-\$25,000,000	4/1/2012	Contract
WBG	Claudia Koziol	WBG	The Palestinian Community Infrastructure Development Program will increase Palestinians' access to community infrastructure and provide rapid response to address urgent needs in the West Bank and Gaza. The program will replace or upgrade water and sanitation networks in order to increase access to water resources and alleviate water losses; upgrade health facilities to improve essential health services; build and upgrade schools to provide improved learning facilities; and, provide other public infrastructure within and between communities to improve basic services and increase economic opportunities. Subject to the availability of funds, this competitively awarded five year Cooperative Agreement shall focus on implementing projects primarily in rural and vulnerable communities that face serious shortages in basic services.		\$75,000,001 and up	4/30/2012	Cooperative Agreement

West Africa

West Africa	Srivastava, Naveen	West Africa	The objective of USAID's WASP is to expand the availability of quality improved seeds in West Africa through the private sector to increase farmer access to improved seeds. WASP is expected to emphasize the use of market-driven mechanisms to promote the effective use of and access to improved seeds, and to enable local seed companies to respond to the anticipated increases in demand for improved quality seeds as the agriculture sector becomes science-based and transformed through the adoption of modern technologies to raise productivity.	none- local competition (indigenous NGOs only)	\$10,000,001-\$20,000,000	Q2, FY12	Cooperative Agreement
West Africa	Josephine Kitongo	Cote d'Ivoire	This new program is designed to develop training and capacity-building for key judicial actors; provide and upgrade infrastructure and equipment to enhance the capacity of key judicial actors and ensure that justice institutions are fully operational; and expand access to the formal legal system through community-based legal education.		\$10,000,001-\$25,000,000	Q3, FY12	Cooperative Agreement
West Africa	Kitongo, Josephine	West Africa	This new program is the regional family planning and reproductive health program aimed at increasing the access and use of family planning services in West Africa region.		\$25,000,001-\$75,000,000	Q3, FY 12	Cooperative Agreement
West Africa	Kitongo, Josephine	West Africa	This is a regional program that is designed to increase access and use of prevention, care and support services by people most affected by HIV/AIDS		\$10,000,001-\$25,000,000	Q2, FY 12	Cooperative Agreement
West Africa	Srivastava, Naveen	West Africa	Trade Hub and African Partners Network Program	Abt Associates, CARANA Corp	greater than \$50 million	Q4, FY2012	Contract
West Africa	Srivastava, Naveen	West Africa	The program is designed to provide analytical support services in the area of monitoring and evaluation as well as local capacity building. The program will facilitate improved analysis of the impact of USAID/WA interventions through more rigorous documentation of results while also serving as a management tool during implementation and for future designs.	TBD	\$1,000,001-\$5,000,000	Q3, FY2012	Contract

Zambia

Zambia	Cecilia Kasoma	Zambia	In support of Government of Republic of Zambia's goal of eliminating GBV in a holistic, systematic and comprehensive manner through multi-sectorial and multi-dimensional approach, the goal of the Stamping Out and Preventing GBV (STOP GBV) program is to increase prevention of and response to GBV in Zambia. The main objective of the Access to Justice program is to improve access to justice for adult and children survivors of GBV by building the capacity of GBV service providers as well as the policymakers, police, courts, and community leaders in GBV case management and implementation of laws. The program is also expected to provide legal aid to survivors to ensure success of cases in court.		\$1,000,001-\$4,000,000	January 2012	Cooperative Agreement
--------	----------------	--------	--	--	-------------------------	--------------	-----------------------

Zambia	Cecilia Kasoma	Zambia	Zambia Orphans and Vulnerable Children Management Information System project (ZOMIS) will feed into USAID/Zambia's goal of reduced impact of HIV/AIDS through multi-sectoral response and will contribute to intermediate results of improved care and support for people living/affected by HIV/AIDS, strengthened capacity of key sectors to mitigate the HIV/AIDS impact and improved policy and regulatory environment. The ZOMIS project will contribute to the USAID bigger picture objective of strengthening the public sector response for OVC through systems strengthening by addressing the many challenges of Orphans and Vulnerable Children (OVC) identification, targeting, implementation and monitoring of the external support and outcomes. The ZOMIS project is expected to collaborate with two other system strengthening projects called District OVC System Strengthening project (DOSS) and the Zambia OVC System Strengthening (ZOVSS).		\$1,000,001-\$4,000,000	February 2012	Cooperative Agreement
Zambia	Cecilia Kasoma	Zambia	This award will provide monitoring and evaluation support services to USAID/Zambia through the FY 2011-FY 2015 CDCS period.		\$1,000,001-\$4,000,000	March 2012	Contract
Zambia	Cecilia Kasoma	Zambia	Multiple direct awards (possibly through fixed-obligation grants (FOGs) to local Zambian organizations for promotion of forest conservation and alternative livelihood activities in Eastern Province.		\$1,000,001-\$4,000,000	TBD	Grant
Zambia	Cecilia Kasoma	Zambia	TBD		\$1,000,001-\$4,000,000	TBD	Indefinite Quantity Contracts (IQC)
Zambia	Cecilia Kasoma	Zambia	Technical Assistance support to the Mission for monitoring and evaluation of Feed the Future and possibly Global Climate Change programs.		\$1,000,001-\$4,000,000	TBD	Indefinite Quantity Contracts (IQC)
Zambia	Cecilia Kasoma	Zambia	FTF Value Chain Development.		\$1,000,001-\$4,000,000	TBD	Cooperative Agreement
Zambia	Cecilia Kasoma	Zambia	Zambia Orphans and Vulnerable Children Systems Strengthening Program (ZOVSS) will feed into USAID/Zambia's goal of reduced impact of HIV/AIDS through a multi-sectoral response and will contribute to intermediate results of improved care and support for people living/affected by HIV/AIDS, strengthened capacity of key sectors to mitigate the HIV/AIDS impact and improved policy and regulatory environment. The program will address the implementation challenges of Orphans and Vulnerable Children (OVC) services. ZOVSS will provide technical leadership for strengthening systems of implementation and promote joint planning and program implementation across key line ministries. ZOVSS will also promote the strengthening and utilization of the already existing structures (government and community) for effective OVC service implementation in Zambia. The ZOVSS project is expected to collaborate and build the capacity of the other two system strengthening projects: District OVC System Strengthening project (DOSS) and the Zambia OVC Management Information System (ZOMIS).		\$10,000,001-\$25,000,000	February 2012	Cooperative Agreement
Zambia	Cecilia Kasoma	Zambia	Full and Open Competitive Contract for the development of forest land and resource management plans in pilot areas in the Eastern Province that include (a) detailed carbon inventories; (b) associated replicable and scalable monitoring, reporting, and verification methodologies; and (c) increased alternative livelihood options. Project will also promote policy reforms creating an enabling environment for sustainable natural resource management and civil society institutional strengthening.		\$10,000,001-\$25,000,000	TBD	Contract
Zambia	Cecilia Kasoma	Zambia	USAID Zambia will conduct an evaluation of the Local Partners Capacity Building Project (LPCB). The Evaluation is intended to assess the relevance, performance, management arrangements and success of the project. It will also look at signs of potential impact of project activities on beneficiaries and sustainability of results achieved by the project. The Evaluation will also identify/document lessons learned and make recommendations that USAID and stakeholders might use to improve the design and implementation of other related projects and programs in Zambia.		\$150,000-\$500,000	February 2012	Contract
Zambia	Cecilia Kasoma	Zambia	This blanket purchase agreement will provide services to local entities in need of pre-award assessments and corrective actions related to USAID awards.		\$150,000-\$500,000	March 2012	Blanket Purchase Agreement
